Product Features and Benefits

Insurance approval SA

SA Insurance Association (SAIA) approved, qualifying you for preferential discounted premiums.

Nationwide recovery

In the event of theft, Ctrack will cover the cost of the recovery team (terms and conditions apply).

ProActive daily health checks

If your unit stops working, we will notify you via SMS.

Battery/unit tamper

If the power to your unit is tampered with, we will notify you via SMS, thus alerting you to a potential incident of theft.

Illegal movement notification

If your car moves when switched off, Ctrack will notify you via SMS.

Get directions

Lost? Call the Ctrack Support Centre 24/7/365 to get accurate GPS based directions.

International tracking

Ctrack can track and recover your vehicle if it is stolen within or outside South African borders.

BorderGuard™

The Ctrack Support Centre is alerted when your vehicle approaches any of South Africa's borders and responds accordingly. (international roaming rates apply)

Value Added Services

CrashGuard™

In the event of a collision, the Ctrack Support Centre and your authorised contacts will be notified, ER24 will be despatched if necessary.

BodyGuard™

If your safety is compromised as a result of a breakdown, Ctrack will respond to your call and despatch an armed guard.

StealthGuard™

Additional recovery enhancement.

Internet - vehicle location

Using an Internet connection and the Ctrack web application, view the current location and download the historical trip reports of your vehicle.

SMS - vehicle location

Send an SMS from your cell phone to get an accurate GPS based location on your or your family's vehicles.

Remote panic button (optional extra)

24/7/365 access to ER24 and security response when your panic remote is pressed in the vicinity of the vehicle.

SARS accepted logbook

Ctrack automatically creates an easily maintained, SARS accepted, electronic logbook enabling maximum tax rebates.

Preferred area

Create your own preferred movement area. If this area is breached, your Ctrack will proactively alert the Ctrack Support Centre and yourself.

ActivateWatchMode™

If parking in an unsafe area, send an SMS to your unit. If your car moves, Ctrack will alert you via SMS.

DriverAlert™

Want to know when your family starts driving? Send an SMS to ActivateWatchMode™.

Frequently Asked Questions

Where can I get Ctrack fitted?

Ctrack has a nationwide network of 35 fitment centres across South Africa. Please refer to www.ctrack.co.za to find your closest branch. Alternatively Ctrack will come to you and install your tracking unit at a time and place convenient to you.

How do I know if my tracking unit is working?

The Ctrack Support Centre is notified daily on the functional health of your Ctrack unit. If your unit is not reporting, we will notify you proactively by SMS.

Do I pay for the recovery of my stolen vehicle?

Your Ctrack contract allows for one free ground recovery per month. Ctrack is contracted to South Africa's leading independent recovery specialist.

What is Ctrack's recovery rate?

Our superior GPS, GSM (GPRS) and RF tracking technology enables Ctrack to consistently maintain a recovery rate in excess of 90%.

What happens if I sell my car?

You have 2 options: transfer of ownership of the contract, or transfer your tracking unit to your new vehicle. Both options are easily facilitated by Ctrack.
